## COMMODORE

**JERRY MCNULTY**

Ahoy Members!

I want to thank Director, Tom Schmidt and his team for taking care of September's Watch. Up this month as Watch Captain is Director, Bill Walsh. Bill and his team will be serving up a delicious tri-tip dinner at the general meeting. See the flyer below.

I had a talk with the City and they have agreed to pay for our dredging up to our docks. Yeah!

We are having a Halloween Party on Saturday, October 29th with live music. Get your costumes ready!

For those who don't know, former club members, Mark and Sherri Rinkle have been cruising the Great Loop on their Mainship 430, *Positive Latitude* for several years now. Read their stories and see awesome photos of their journey on their blog [Our Positive Latitude](#).

# Positive Latitude

*What is the Great Loop? The Great Loop is a continuous waterway that allows boaters to explore Eastern North America. Anyone who completes the journey is then named an official 'Looper.'*

I recently learned that Club member, John Bentley is also on the Great Loop. He is currently flying our burgee on Lake Michigan. I look forward to hearing about his adventures as well. Sheryl has been encouraging him to submit articles for the *Sea Breeze*. So we'll see.

Map of Mark and Sherri's voyage to date.

I'm excited to be going lobster diving next week in Channel Islands on the **Peace Dive Boat** out of Ventura. I'll see you all when I get back!

### AUXILIARY APPLICATION

Some of our newer members may not be familiar with what the Auxiliary does with the profits we make when we schedule an event at the club. Our theme has always been *"for the good of the club"* and over the years we've purchased items we thought would be beneficial to the club and make it an even better place to spend time and enjoy the many benefits to being part of the SRYC. I've included some of the purchases we've gifted over the years and hope you have an opportunity to join us in future events.

## **Galley**

- Freezer
- Refrigerator
- Dishes (several times)
- Flatware
- Pots, pans
- Convection ovens
- Microwave
- Dishwasher
- Window blind
- Stainless steel surfaces (during a renovation)
- Barbecue pit, burners (including repairs)

## **Bar**

- Juke box (including a repair)
- Air purifier (when members were allowed to smoke inside)

## **Dining Room**

- Chairs (twice)
- Round tables
- Shades/blinds

## **Deck**

- Furniture
- Umbrellas
- Heaters

## **Miscellaneous**

- Dock \$ contribution
- Cleaning and painting walls (including Galley)
- Remodeled ladies' room
- Purchased plants for outside building

The Auxiliary is open to all members and their significant others. Traditionally the Auxiliary leans towards family related activities. We organize Christmas parties, theme dinners (i.e., Italian nights, Cook Your Own Steak nights, Karaoke evenings) and many other fun-filled events. The goal is always to provide enjoyment and opportunities for fund raising.

Dues are only \$20/year and are payable to SRYCA. Just place your application and dues in the office mail slot.

## DREDGE REPORT

---

Our commodore approached the City last week and was able to get agreement that the City will pay for our dredging and will not require reimbursement by our club.

### City Dredging News

*David Sullivan & Paul Bentzen  
Dredge Committee Members*

On Monday, October 3, 2022 the San Rafael City Council awarded a contract to Dutra Corporation in the amount of \$3,814,800 for dredging over 100 private and 8 City owned parcels along the Canal. Included in the \$3.8 million is \$649,200 for the City owned parcels. Of the over 100 private parcels who previously agreed to be dredged, only 29 have selected to do so thus far; the City is pursuing the others.

Dredging by the US Army Corps of Engineer's contractor began at marker 17 last week. They will proceed up the two-mile channel carving an 8-foot deep path. At the creek, they will proceed up the canal digging a 60-foot wide six-foot-deep channel.

By the end of October or early November, they will reach the turning basin and begin dredging under our docks.

Dredging is to be done from 7am to 7pm, 6 or 7 days/week.
